Under Sections 58, 60 and 233 (*h*) and (*n*) of the Mysore Land Revenue Code, Regulation IV of 1888, the Government of His Highness the Maharaja of Mysore are pleased to direct the following amendments in the Revenue Rules issued under Notification No. 264—R. 122, dated 10th July 1901:—

CHAPTER VII.

I. *Substitute the following for the existing Rules 55 and 56 and read it as Rule 41.*—When unoccupied land is required, a written application shall be made in person or by duly constituted agent or by post to the Amildar direct, provided that in the last mentioned case, the applicant's full name and address are legibly written and his signature is attested to by the village Shanbhog or a Taluk official not inferior in rank to a Shekdar or a Magistrate certifying to the identity of the applicant. Applications may be presented in person to Shekdars also. In either case, *i.e.*, when the application is received by the Amildar and sent on to the Shekdar or when it is received by the Shekdar himself he shall submit to the Amildar a report in Form No. 1 of Appendix D, within a week from the date of its receipt by him.

All applications shall be registered in the order in which they are received, in a register which should be maintained in the Taluk Office in Form No. 2 of Appendix D. All correspondence connected with the Darkhast shall be noted regularly in the register which should be always available for inspection by Superior Officers.

II. *Read the following existing Rules 53 and part of 55 as Rule 42.*—It shall be the duty of every Village Accountant, if so desired by any occupant in his village or by any per-

son about to become an occupant of land in his village, to prepare applications for land without fee or charge of any kind.

A Village Accountant who prepares such an application shall affix his signature beneath the words "written by" on the lower left hand corner of such application.

The Village Officers shall not accept any engagements for lands or make any alteration in the village accounts without the written orders of the Amildar.

III. *Substitute the following for the existing Rule 41 and read it as Rule 43.*—The occupancy of any unoccupied survey number not specially reserved shall be granted to applicants free of charge. If the land falls under any of the following classes, or is specially valuable, or when there are two or more applications for the same land at the same time, it shall be granted on payment of a price to be fixed by the Deputy Commissioner or sold by public auction subject to his confirmation.

(*a*) Unassessed lands and lands specially reserved or assigned for any public communal or Municipal purpose under Section 39 of the Land Revenue Code, *i.e.*, gomal, date reserve, village forest, State Forest, etc.

(*b*) Lands in the vicinity of Railway Stations within the limits prescribed by Rule 49 A.

(*c*) Lands irrigated or likely to be irrigated by large irrigation projects.

(*d*) Lands containing sandal trees.

(*e*) Lands containing valuable fruit or other trees or wells or buildings.

The description of the several classes of land with a note that it should not be granted free of charge, shall be entered against every survey number in the Khetwar Patrike which should invariably be referred to at the time of disposing of a Darkhast.

Immediately on receipt of the report, in Form No. 1 of Appendix D, the Amildar should decide whether the occupancy should be granted free of charge, or should be sold by public auction or granted for a fixed price. In the first class of cases, he should issue a Saguvali Chit and in the second class of cases a sale proclamation at once, on his own authority. In the third class of cases, he should submit the records with his opinion to the Sub-Division Officer for orders.

The Amildar should invariably obtain the orders of his superior officers in regard to the disposal of the (*c*) class land. The Department of Public Works should, as soon as possible after any project is taken up for investigation or consideration, notify to the Revenue Department either generally or specially the lands which will be affected by the project.

IV. Read existing Rule 41A, in continuation of new Rule 43.

V. Alter the numbers of the existing Rules, 42, 43, 44, 45, 46 and 47 into 44, 45, 46, 47, 48 and 49 respectively.

VI. Substitute the following for the existing Rule 48 and read it as Rule 50 :—

The land such as is described in clause (*b*) of the last preceding rule, as well as all vacant land in other places, not already in the occupation of private individuals, should, wherever possible, be demarcated on the ground into building sites, *Kanas hulhittals*, etc., numbered and mapped in such a manner that persons desirous of becoming occupants may clearly know what plots are available and indiscriminate application may be summarily rejected. The Demarcation should be done under the direction of the Amildar (in consultation with the Village Improvement Committee, if any, existing in the village). The Deputy Commissioner may allot a group of sites to persons of a particular caste or community and prescribe any reasonable terms or conditions to discourage the taking up of sites or their retention for mere speculation without building habituble residence thereon, or the purchase of an unnecessarily large number of sites by one and the same person.

Due provision should be made in the plans for roads and approaches and access of air and light and careful regard should be had to sanitary requirements.

Darkhasts for building sites should be registered in the register to be maintained in Form No. 3 of Appendix D. All correspondence should be noted in the register regularly, which should always be available for inspection by superior Officers.

In Rules 47, 49 (*b*) and 50 the powers of a Deputy Commissioner may be exercised by any other authority empowered by Government in that behalf.

VII. Alter the numbers of the existing Rules 49, 49A, 50, 51, 52 and 54 into 51, 52, 53, 54, 55 and 56 respectively.

VIII. Read the existing Appendix D as Appendix E, and Appendix E as Appendix D.

IX. Omit the following portions of the Revenue Rules of 1890 which were re-published with the revised rules issued under Notification No. 264—R. 122, dated the 10th July 1901.
